

Operator unit SP 900

S11568-00001

The operator unit of the SP 900 is integrated into the post of the sliding gate. This makes the operator invisible and gives the sliding gate an uncluttered look. The SP 900 is flexible, rugged, and also suitable for industrial door systems. For sliding gates with a movement range of up to 8 m and a gate weight of up to 400 kg.
